

Amendments to Senate Bill No. 211
1st Reading Copy

Requested by Senator Lane Larson

For the Senate Business, Labor, and Economic Affairs Committee

Prepared by Pat Murdo
January 24, 2007 (8:46am)

1. Page 1.

Following: line 28

Insert: "(3) "Electrical construction" means work performed by any person, firm, or corporation in which an electrical connection is made to a supply of electricity or in which electricity is supplied to any electric equipment installation for which a permit is required by the authority having jurisdiction."

Renumber: subsequent subsections

2. Page 2.

Following: line 4

Insert: "(5) (a) "Electrical maintenance" means ordinary and customary in-plant or onsite installations, modifications, additions, or repairs that are limited to relamping fixtures, replacing ballasts, trouble-shooting motor controls, replacing motors, breakers, magnetic starters in a kind-for-kind manner. Also included is the connection of specific items of specialized equipment that can be directly connected to an existing branch circuit panel by means of factory-installed leads.

(b) The term does not include installation of a new circuit to operate the equipment described in subsection (5)(a) or installation that requires the size of the supply conductors to be increased. These actions require installation by a licensed electrical contractor."

Renumber: subsequent subsections
